American Corporate Partners (ACP) Veteran Mentoring Program	Professional Development; Mentoring; Training	http://www.acp-usa.org/Mentoring_Program
ACP's nationwide Mentoring Program connects veterans with professionals from some of America's top corporations and select universities. Veterans are paired one-on-one for twelve months with a Mentor from one of ACP's Participating Institutions. Veterans are mentored on topics ranging from résumé building and job market knowledge to networking, leadership, and much more.		
Burlington Northern Santa Fe Railway	Railroad; Transportation	https://jobs.bnsf.com/go/Transitioning-Military/400926/
At BNSF, we honor the commitment of the men and women of our armed forces. BNSF is consistently identified as a top employer for U.S. military veterans, and we've hired more than 6,000 veterans since 2005.		
Chicago Bridge and Iron (CB&I)	Construction	
CB&I is a military-friendly supporter of soldiers, veterans and their spouses. We are actively seeking employees who have served in the United States Armed Forces. The skills you developed in your military career can apply directly to your career at CB&I, in both professional and skilled craft positions.		
Helmets to Hardhats (H2H)	Construction; Training; Apprenticeship; Trade Skills	https://www.helmetstohardhats.org/military-service-members
Helmets to Hardhats helps military service members successfully transition back into civilian life by offering them the means to secure a quality career in the construction industry.		
Home Builders Institute (HBI)	Construction; Training; Apprenticeship; Trade Skills	http://www.hbi.org/Programs/VeteransProgram.aspx
The HBI Veterans Program empowers our nation's veterans with the skills and experience they need to secure meaningful careers in the construction industry.		
Key Point Government Solutions	Background Investigations	http://www.keypoint.us.com/Careers/Veterans
The majority of our open job opportunities are background investigator positions located within the US. We are committed to providing the training needed for success in this career. We also offer geographic flexibility, and are seeking investigators in most geographic areas.		

Company/Organization	Industry	Website
